

The logo for Provident Energy Trust features a stylized 'P' symbol on the left, followed by the word 'PROVIDENT' in a large, bold, sans-serif font, and 'ENERGY TRUST' in a smaller, all-caps, sans-serif font below it.

PROVIDENT ENERGY TRUST

May 15, 2008

To Whom It May Concern:

A & B Rail has been providing construction and maintenance service to Provident Energy for the past 2 ½ years. I have had the pleasure of working with them in the capacity of Field Projects, Team Leader, and as well as the Maintenance Team Leader. In a industry that is faced with labor and material shortages, the staff at A&B have faced these challenges, and have provided a service and a finished product that has met Provident Energy's, as well as CN and Transport Canada's expectations.

The communication between A&B and Provident Energy has been excellent. I have had the pleasure of working with both Dave Farnsworth and Pat O'Neil. The supervisors that A&B have provided to look after the site crews have showed a high level of leadership, evident very quickly through their hard work. They have also demonstrated an excellent understanding of operation impacts as well as maintaining an excellent safety record.

I would highly recommend the use of A&B Rail for any construction or maintenance services. Please feel free to contact me if you have any questions.

Wayne Carey
